ABOUT US

MISSION

The getWITit mission is to build a supportive environment where women of all backgrounds flourish in technology and to create opportunities for women to inspire others. Learn more about getWITit on our website:

www.getwitit.org.

VISION

getWITit fosters an environment that inspires diverse thought within technology by building passionate communities to promote change. We aspire to cultivate local community engagement so that women can sustain, excel, and advance in technology careers. The foundation of our organization is the annual chapter conferences which provide new technology content while promoting empowerment and the inclusion of women in technology. Our chapters share ideas and create support systems through local events to ignite new relationships.

STRATEGY

By connecting women in technology at a local level, we awaken a powerful resource that leads the way in driving innovative talent. We unite communities that rally around an annual conference to promote our mission.
