PARTNERSHIP OPPORTUNITIES

COLUMBUS, OH

Providing communities a catalyst for economic growth.

When companies and communities embrace the potential of women in technology, we unlock new opportunities for economic growth and foster inclusive, sustainable societies. **GetWITit, a 501(c)(3) volunteer-led non-profit organization, is on a mission to combat the gender disparity in information systems and computing industries.**

We achieve our mission through awareness-building programs, attrition-reduction initiatives, pathways to transition into tech careers, and leadership preparation opportunities. **Together, we're shaping a more equitable tech landscape.**

OUR VISION

Our vision is to aspire to cultivate local community engagement so that women and non-binary people can sustain, excel, and advance in technology careers.

OUR MISSION

To build an environment where women of all backgrounds flourish in technology and to create opportunities for women to inspire others.

OUR VALUES

- Inclusionity
- Empowerment
- Collaboration
- Inspiration
- Advocacy

OUR CHAPTERS

Our chapters host annual WITCON conferences, where real-world tech solutions take center stage and women in tech are supported, seen, and celebrated. Through local events, our chapters encourage idea sharing, support systems, and spark meaningful connections.

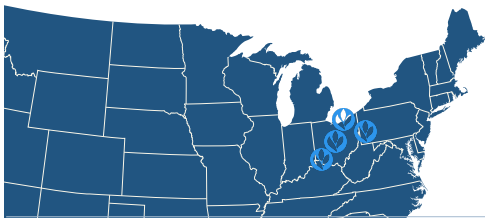

Now expanding into Detroit and Indianapolis, we're growing our reach and impact.

Depending on chapter collaborations and partnerships, getWITit may provide non-profit partners with tables at annual conferences. Discuss how with your chapter representative.

Our organization takes pride in being a **100% volunteer-led** 501(c)(3) non-profit.

Every aspect of our mission, from planning events to implementing programs, is driven by the passion and dedication of our committed volunteers.

This unique approach ensures that every  contributed to our cause directly supports our initiatives, making a tangible and meaningful impact in our community.

By partnering with us, sponsors not only align themselves with a cause they believe in but also support a grassroots movement powered by the selfless efforts of our volunteers.

Together, we can help more women in our communities thrive in tech careers and leadership.
